

2024-2025 AIM HIGH Scholarship

This program is designed to encourage Illinois students to attend an in-state university, improve college affordability, and reduce student loan debt. Illinois State University will provide up to \$3,000 per year to first time in college students meeting academic and financial criteria, contingent on the availability of appropriated funds.

Funds are limited and subject to continued state allocations. Each school must provide new financial aid funding to match the a portion of the AIM HIGH funding provided by the State of Illinois. Illinois State University will match the state funding with the Redbird Scholarship, University Scholarship, and Presidential Scholarship Programs. This match is not done on an individual student level so not every AIM HIGH Grant recipient will receive matching institutional funds.
